Vanilla, Mocha	

IMPORTANT LUNCH INFORMATION

Elementary:

- We have one person that takes care of our lunches. One person has to sort and reheat lunches for all of the elementary classes in a timely manner.
- To keep food handling to a minimum; for lunch items such as Hot Pockets, please have it oven ready by putting it into the sleeve and placing it in a baggie with their name/grade on the baggie.
- Reheat items require less than TWO minutes. If you send in items to be reheated, please have it microwave ready. We do not have can openers, nor do we have bowls or plates to put food in.
- We are NOT able to heat up anything that:
 - takes longer than TWO MINUTES
 - requires adding water
 - requires time to heat, stir, and then heat again
- Please DO NOT use glass containers. They are not safe for a school environment or young children.
- Aluminum foil is not microwave safe; therefore anything sent in aluminum foil to reheat will not be put in the microwave.
- Liquid foods that are heated need to have a LID because most lunches are transported and lids help to keep spills down.

Thank you for your help and understanding!
